To Whom it May Concern

REFERENCE - HIGH SPEED DOORS LIMITED

I have engaged High Speed Doors Ltd as subcontractors for the past three years for the preventative maintenance, inspection and verification work of roller shutters on the CIAL properties. They have been responsible for the maintenance on a range of doors in areas that are operational and time critical.

During this time High Speed Doors Ltd have been responsible for liaising directly with our various tenants to arrange access for the maintenance without hindering the operations of these tenants. High Speed Doors Ltd has always been willing to manage the scheduling of these tasks with a high level of competence and cooperation.

I have also engaged High Speed Doors Ltd for major unscheduled maintenance and door replacement tasks. I have found their pricing and services to be very competitive and they have the ability to carry out this work with minimal disruption to the tenants.

I would have no hesitation in recommending High Speed Doors Ltd to any organisation for the supply and maintenance of roller shutters, high speed doors and other associated equipment.

Should you have any further enquiries regarding this reference please call me on 03 3537736 or 021 2260153

Yours Sincerely

Dean Christie
