1st April 2009.

To Whom It May Concern: Reference – High Speed Doors Limited.

I have employed High Speed Doors as a subcontractor for the last four years throughout the tenure of our present Defence Maintenance Contract at Burnham Military Camp, its remote sites throughout the South Island and the Ngai Tahu Property Maintenance Contract in Christchurch.

My previous association with High Speed Doors has been during my employment with both Serco Maintenance Systems and Transfield Facilities Management.

In that time they has been responsible for the maintenance of a range of doors and associated equipment in production critical areas, both for the scheduled and responsive / callout work required on a regular basis.

They have, in all instances, displayed an outstanding level of competence and cooperation with both our management and customers, in what can be sometimes difficult circumstances. In those areas which are unfamiliar to them they exhibit a rare ability to comprehend quickly what is required and to remedy any given problem.

I therefore, would have no hesitation in recommending High Speed Doors to any future employer as a supply and maintenance contractor and will certainly continue to value their input to the above contracts.

If you have any further questions regarding this reference, please call me on (03) 347 6572 or 0274 728 500.

Yours sincerely,
